1. Comment. According to a report on 19 February, the bulk of the units of the 1st Nees Div stationed in the Adler Kaserne and the Loewen Kaserne had left for winter exercises which, according to a report on 20 February, were believed to take place in the woods in the Nauen-Boernicke area. This information, however, tends to indicate that units of the division participated in exercises held in the vicinity of their quarters, probably at the Doeberitz troop training grounds.
